

## Azalea® RCM

# Optimize Billing and Reimbursements. Full Service Revenue Cycle Management.

RCM services tailored to your needs.

Azalea Health's comprehensive revenue cycle management - from claims submissions through denials management - optimizes billing and maximizes reimbursements. Leveraging expert billers with in-depth knowledge of more than 30 specialties and who maintain a pulse on the latest regulatory developments and reimbursement standards, Azalea provides a full range of accounts receivable functions. Additionally, when you choose Azalea RCM medical billing services, the Azalea EHR, which is 2015 ONC Certified for Promoting Interoperability and QPP, is included.

### Comprehensive Revenue Cycle

Ensure maximum revenue with:

- Electronic claims submission.
- Reimbursement accounting.
- Denials management.
- Patient invoicing.
- Collections
- Detailed billing reports
- Physician contracting and credentialing.

### Complete Visibility

Intuitive dashboards and detailed reporting provide full transparency into our RCM processes and the status of your claims, plus a complete 360 view of your patients continuum of care.

### Beyond Industry Standards

Azalea's US-based billers have proven results, averaging 10 fewer days in A/R than industry average and better than 98% claim acceptance.<sup>1</sup>

### Exceptional Support

From billers and coders to patient relation specialists and consultants, Azalea is dedicated to providing exceptional levels of service - just one reason why our customers rate their satisfaction with us 4.6 out of 5.
